

ADDITIONAL ANNUAL KERBSIDE COLLECTION SERVICE 2018-2019

Additional Kerbside Collections will change on Kangaroo Island from 1 July 2018, with collections which are currently invoiced monthly per collection, replaced with a pre-paid **Annual Additional Kerbside Collection** sticker system as per Kangaroo Island Council Kerbside Waste Collection Policy - April 2018.

The cost per collection for the **pre-paid service is 12% lower** than the current pay per collection system.

KEY CHANGES

1. **PRE-PAID - Annual Additional Kerbside Collection** service sticker (to be affixed to the front of the bin) will be purchased **pre-paid** from the Fleurieu Regional Waste Authority on an annual basis from 1 July 2018 to 30 June 2019 or on a pro rata basis, in quarterly increments, if the service is not required for the full year.
2. **DIFFERENT COST for each WASTE STREAM** - The cost of the **Annual Additional Kerbside Collection** service will be differentiated based on waste type with a lower cost applicable to collection of both **RECYCLING** and **GREEN ORGANICS** as these waste streams result in resource recovery. The cost of additional **GENERAL WASTE** collection will be higher to reflect the higher cost of disposal of this waste stream to landfill.
3. **DIFFERENT STICKERS - Annual Additional Kerbside Collection Bin Stickers** will be different for each waste stream, stickers are **not** interchangeable.
4. **SEASONAL BUSINESSES** (including holiday rentals) may choose to commence additional collections during the year at the start of each quarter, aligning with seasonal business demands. All additional kerbside collection services will run from commencement date to the end of June 2019.

These changes have been made to increase efficiencies in service provision and administration of the **Annual Additional Kerbside Collection Services** and reduce paperwork and payment processes for small businesses located on Kangaroo Island.

REMAINS THE SAME

1. **LIMITS TO NUMBER OF BINS - Annual Additional Kerbside Collection** will be **limited** to up to **two (2) additional bins** of the appropriate size, type and colour per rateable property assessment per waste stream (maximum of 3 bins per waste stream per rateable property assessment).
2. **FORTNIGHTLY COLLECTION - Kerbside Collection** for all **Annual Additional Kerbside Waste Collections** remains **fortnightly** during off-peak periods, reverting to weekly kerbside collection during peak periods (week before and after Easter and 6 weeks of the peak summer school holiday) – check the FRWA Kerbside Bin Collection Calendar to confirm collection day, date and cycle.
3. **USE CORRECT BINS - Additional bins** to be used for **Additional Annual Kerbside Waste Collection** of the appropriate, size, type and colour are to be purchased separately.

ACTIONS

COMPLETE the attached **Additional Annual kerbside Collection Application 2018-2019** and return to FRWA with payment **at least 2 weeks before** additional kerbside collection service is to commence, to allow for processing and receipt of bin stickers by post.
